LinkedIn: <https://www.linkedin.com/in/samuelparkerdev/>

An adaptable and detail-oriented professional with over a decade of experience in client management, technical problem-solving, and project delivery. My diverse background, ranging from account management to freelance photography, has honed my ability to communicate effectively, manage projects independently, and resolve challenges efficiently. Recently, I completed a Full Stack Developer Bootcamp, further enhancing my analytical and technical skills. I bring strong organizational capabilities, a proactive approach, and a commitment to delivering high-quality outcomes, making me a versatile asset to any team.

Key Skills

Languages:	Python, HTML, CSS, JavaScript.
Databases:	PostgreSQL.
Version Control:	GitHub, Git, Heroku, Agile
Frameworks:	Bootstrap, Django
IDE:	Gitpod, Microsoft VS
